

Newly Designed Website

We are excited to announce the launch of our new website.

The new website design features straightforward navigation and a streamlined presentation.

As always, Pittsburgh Stage is dedicated to provide the highest level of service and we anticipate extending that service and communication through our website. This new tool will allow us to keep our visitors up to date with announcements, accomplishments and design information.

We hope that you will take the opportunity to explore the new website including our exquisite photo gallery.

Designers are encouraged to contact us for access to our design pages.

We invite you to visit the new www.pittsburghstage.com today.

See What Our Customers are Saying....

"...attention to detail and attention to safety of the students was very apparent. The installers who worked onsite were professional and helpful... Everything went very smoothly from beginning to end, and to this day I still recommend their name to anyone looking to have stage improvements completed at their stage.."

- East Pennsboro High School
